

# The Sustainable Engineering Society

...engineering in harmony with ecology

**Presents:**

**Tuesday 21 May 2012**

**Time:** 5:30pm for 6:00pm start

**Venue:**

Hawken Auditorium, Engineering House  
447 Upper Edward St, Brisbane

**Cost:**

Members	\$15
Non Members	\$30
Students	\$10

Please register to assist catering

**PLEASE NOTE: Booking online is recommended.**

**Only Credit Card payments can be accepted at the door.**

**Speakers:**

**Stevo Vlasisavljevic, QUU, Recycled Roads (Qld)**

Stevo is a Registered Professional Engineer of Qld, a registered builder and has worked in the road and construction industry for over 15 years. He is a Director of Recycled Roads (Qld) and holds a Diploma of OHS.

Stevo is currently with QUU and has held the position of Senior Contract Manager since 2006 and has delivered over 100 high risk water main construction contracts in the role of Superintendent's Representative.

He had also given evidence as an expert witness regarding construction material recycling processes.

**Milos Vasiljevic, Recycled Roads (Qld)**

Milos is a civil engineer with experience in road infrastructure and buildings. Milos has a passion for environmental engineering and is currently working with Recycled Roads (Qld) as a pavement engineer and a co-founding Director.

**Drinks and Networking**

Please join us for a few drinks and light supper after the presentation.

The presentation will count as one hour towards your CPD.

## Use of toxic materials as a recycled product in Qld Road Pavements

The seminar will provide a brief background on the uses of toxic material in pavements around the world.

There are numerous toxic materials that can be used as recycled products in road pavements. These include used tyres, waste from power plants and construction waste.

The topic to be covered will look at the overall picture on how this industry has come about in the US (California), and how Recycled Roads pavements can implement similar systems in Queensland.

The potential for these types of environmentally friendly roads are huge and the presentation hopes to raise awareness with Queensland Engineers.

The presentation will be followed by discussion where comments and questions from attendees will be welcomed.

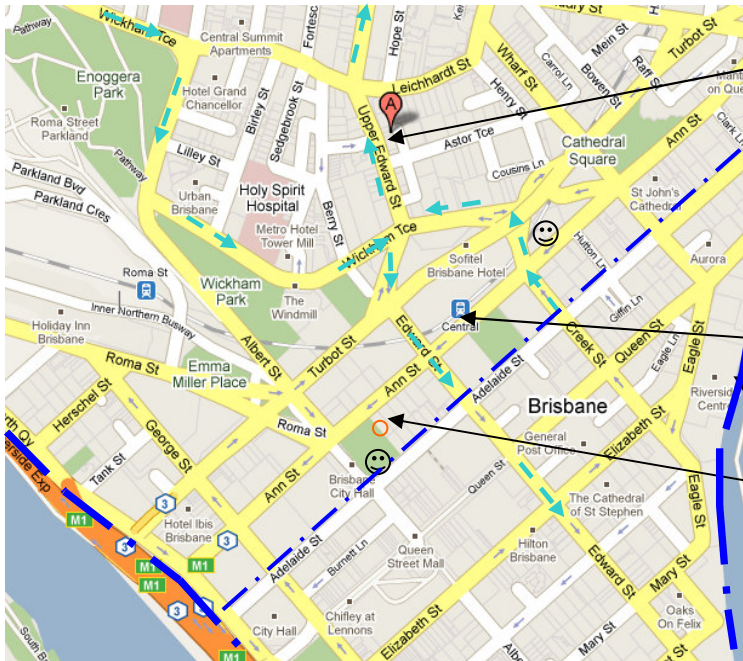

## Drinks and Networking

Please join us for a few drinks and light supper after the presentation.

- For catering purposes **please register by 5pm on Thursday 16 May 2013.**
- Register on-line at the [QLD Division Events Website](http://www.qldengineersaustralia.org.au)
- Please telephone Qld Division for any registration queries (07) 3832 3749

The presentation will count as 1 hour towards your EA CPD.

## SEng encourages you to travel by public transport.

### Engineering House

447 Upper Edward St

Spring Hill Loop bus  
every 10 minutes until 6pm

Pedestrian - Cycle  
way

Central Train Station

Citycat

Transport  
Information Centre

CityCycle station

For more information go to <http://www.translink.com.au/> or visit the **Transport Information Centre** at King George Square station, Ann Street Concourse.

## Join SEng to take advantage of the lower registration costs.

Annual membership costs to join the SEng are provided below:

### Engineers Australia Members (incl GST)

General - \$71.50  
Student - FREE  
Retired - \$27.50

### Non Engineers Australia Members (incl GST)

General - \$93.50  
Student - FREE  
Retired - \$38.50
