**Speakers :**

**Dr Andrew Simpson**

Andrew is the Managing Director of Verdant Vision Pty Ltd and is recognised as one of Australia's foremost independent experts in renewable electric vehicle (EV) technology, policy and strategy. He brings 15 years of experience in the global sustainable energy and transport industries including Tesla Motors, the US National Renewable Energy Laboratory and the Curtin University Sustainability Policy Institute. Andrew now develops EV deployment strategies for a wide range of government and corporate clients around Australia and participates in most National and State EV committees.

**Drinks and Networking**

Please join us for a few drinks and light supper after the presentation.

The presentation will count as one hour towards your CPD.

---

## Electric Vehicles and Sustainable Transport

---

Andrew will provide a technical and up to date discussion of sustainable transport including information on the following items:

- the current status of electric vehicles;
- the future role of electric vehicle in a broader vision for urban sustainability.

**Panel Discussion:**

The seminar will conclude with a panel of invited speakers who are experts in the area of sustainable transport so bring any questions that you have and we will do our best to have them all answered.

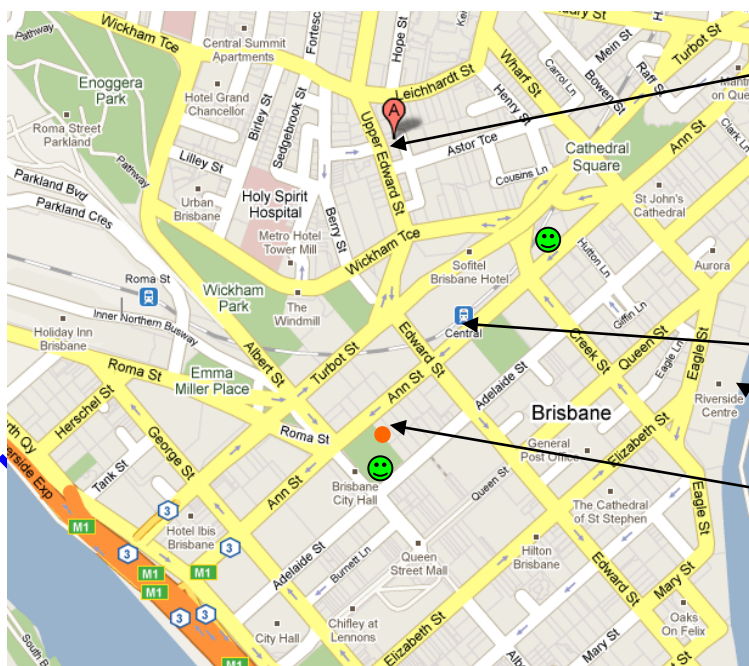

## Drinks and Networking

Please join us for a few drinks and light supper after the presentation.

- For catering purposes please register by 5pm on Thurs 20 May 2011.
